saloni

art of furniture

"Alfa dressing rooms" were introduced to the market with a leading design approach, resulting from a year-long, innovation-filled effort. Incorporating dozens of innovations, it has taken its place at the forefront of bedroom furniture manufacturers.

We recognize that our customers are very special individuals who know their own needs and make their own decisions about their choices. They do not want to have products in their lives that they cannot change or choose, especially a bedroom, which is a very private space.

Sadi YILDIZ
General
Manager

ALFA means wardrobe.
ALFA means ability to choose from 2980 different wardrobes.

It means being able to freely decide on its color, door, height, and interior modules. ALFA is a collection that turns the dreams of Saloni customers into reality.

With the ALFA wardrobe that you design and purchase, you can move your dressing room to your new home just like a regular bedroom. You will not need to have another dressing room made with its industrial manufacturing and connection methods. If you want to add new modules, even years later, you can still purchase the same color, quality, and design. You can move the extra modules to other suitable parts of your home. Your needs may change as you live and develop. ALFA offers you the opportunity to change the interior and add new modules even after years. We assure you that we have a wardrobe that you will definitely like.

01

WHY SHALL I GO FOR ALFA?

Alfa is a dressing room with
portability feature.

With the solutions provided by ALFA, you can have fully-sized Cabinets for your bedroom and dressing room. Due to its industrial design, it can be easily dismantled and reassembled when moving to a new home. If your new home is larger, you can buy the same color and model Cabinets years later and recreate your perfect room without any missing spaces.

02

START DESIGNING YOUR DRESSING ROOM

Alfa can fill your dressing room up to the last centimeter. You can share your room's dimensions with us by measuring it yourself or you can request help from our store to determine the measurements of your room.

As you will see in a few steps, you should first decide on the main shape of your wardrobe. You can design your room without restrictions by choosing a wardrobe that is shaped either "U", "L" or a combination of both.

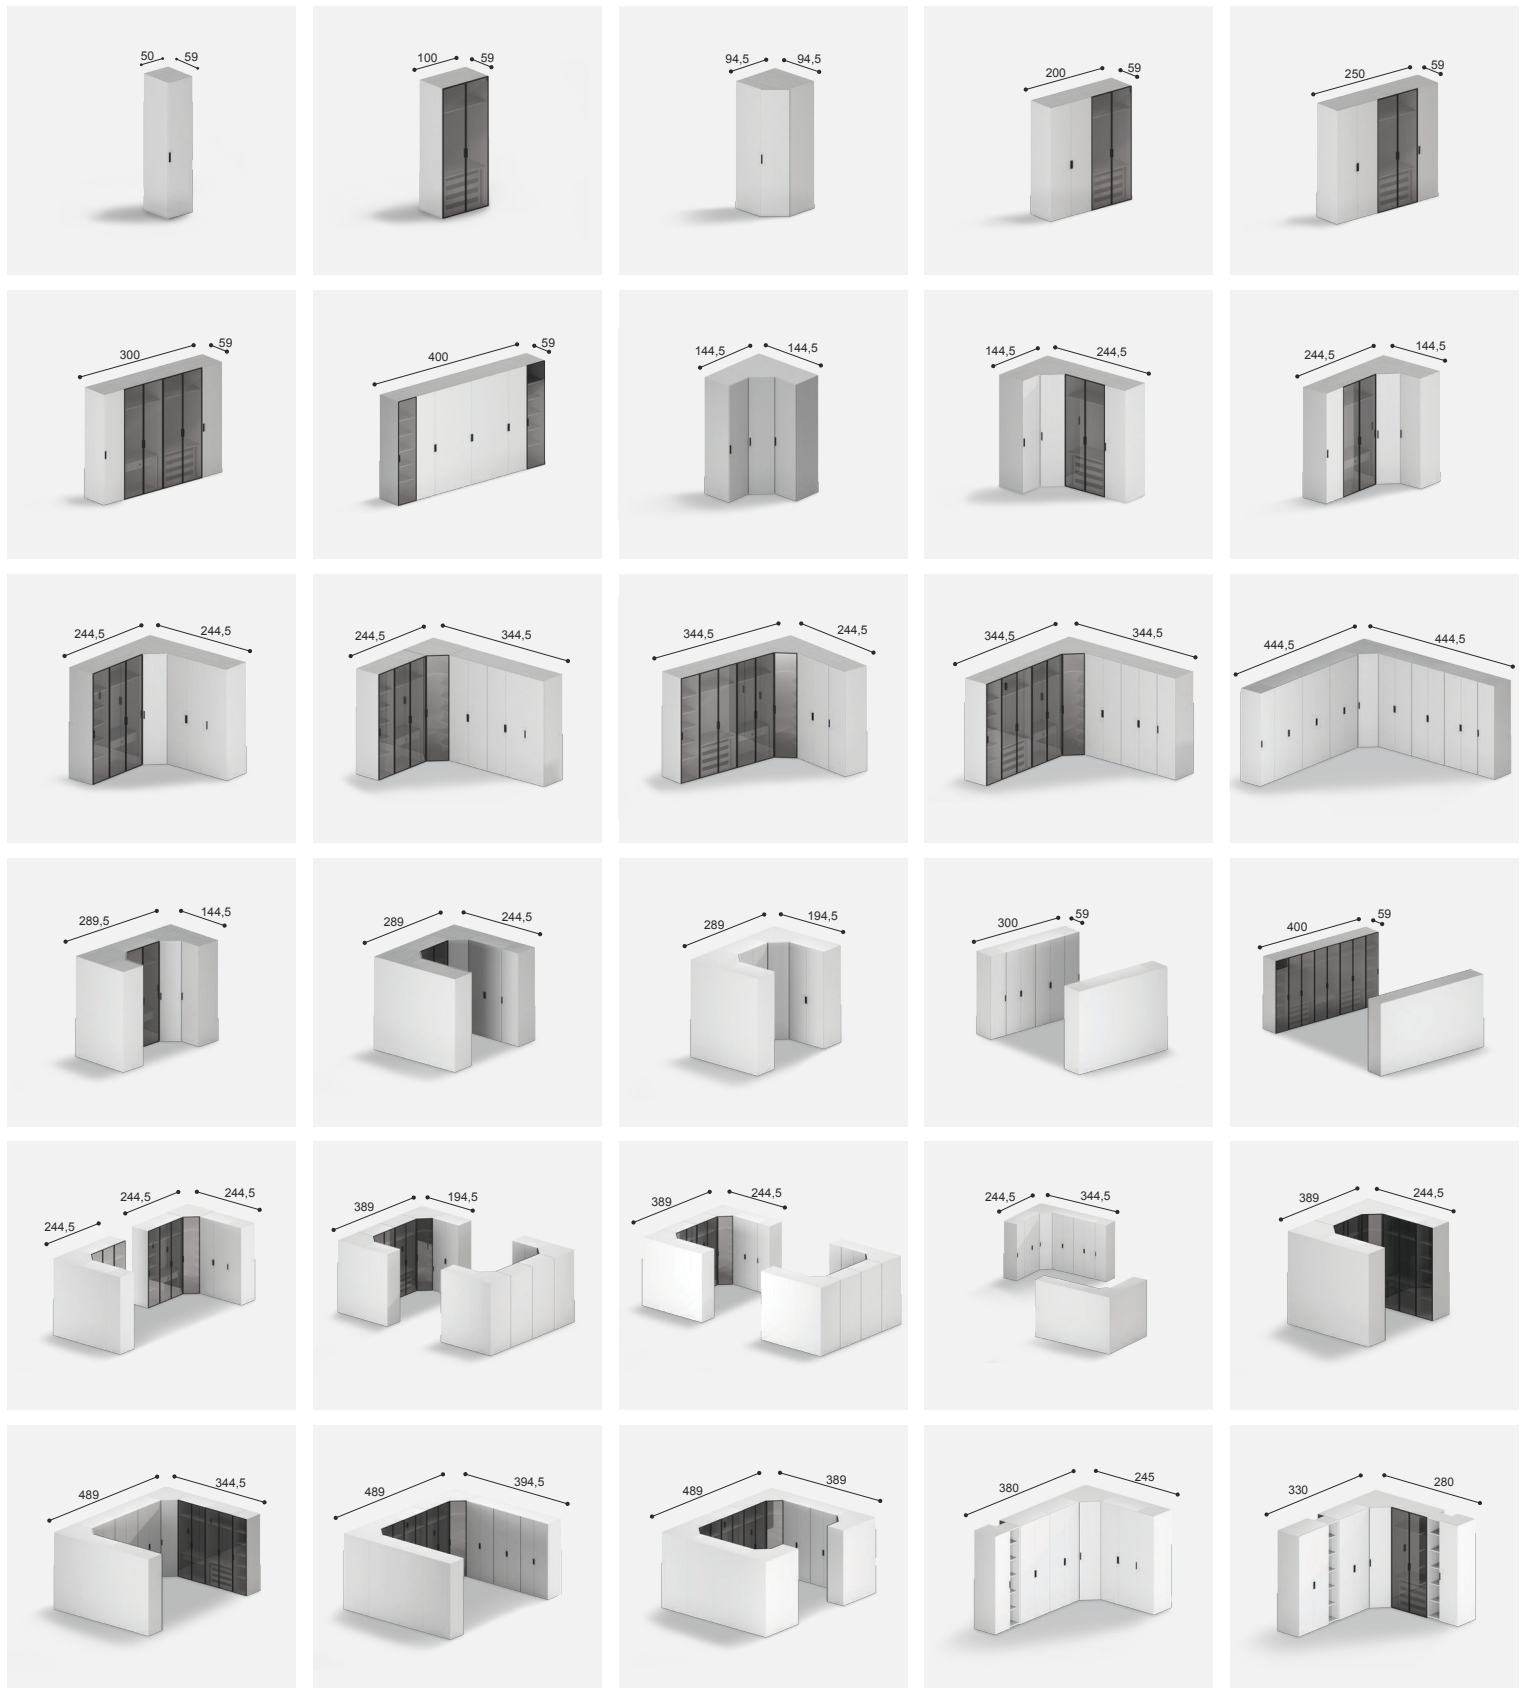

You can determine the height, width, and all other details of your wardrobe according to the size of your room and your needs.

Sliding door cabinets: two meters high

Hinged cabinets (Double and single) : 1 meters and half a meter

Corner cabinets: 95 cm

With the information provided above, you can easily and practically calculate how many of each type of cabinet you will need in your room.

03

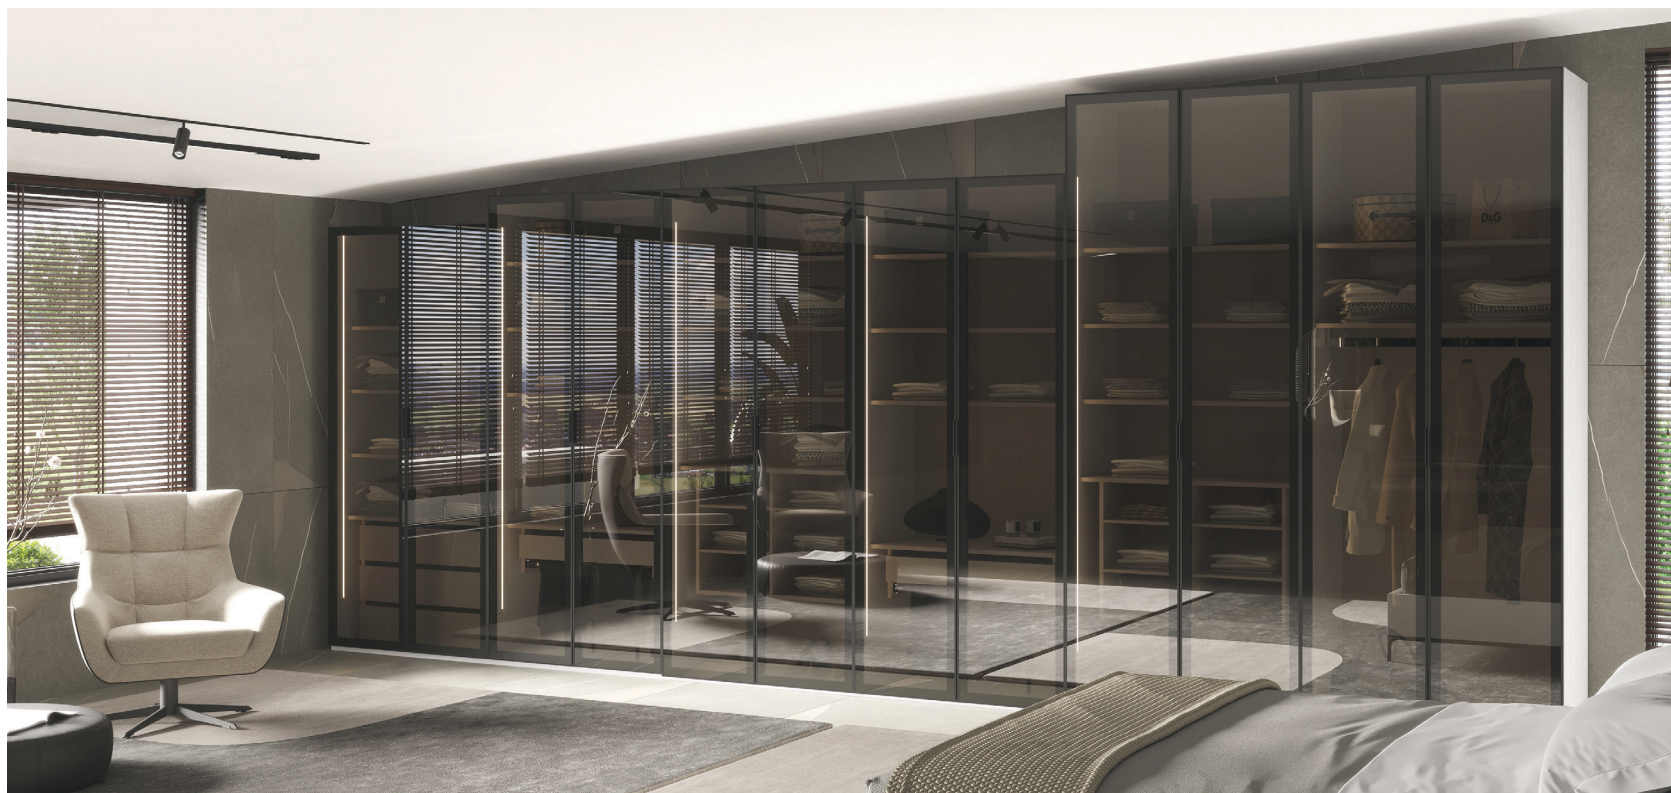

CHOOSE YOUR HEIGHT

SELECT FROM 4 DIFFERENT HEIGHTS

If you are looking for a wardrobe that suits your needs, ALFA's height options allow you to personalize your wardrobe and design it exactly the way you want it by choosing the one that suits you best. For example, if you have a room with high ceilings, you can create a wider space with the 260 cm height option, while the 210 cm height option will make your wardrobe look like it was specially designed for the dimensions of your smaller room.

If you choose the height of your wardrobe according to the ceiling height:

- ° You will have more storage space.
- ° There will be no unnecessary space on top of the wardrobe.
- ° Remember! If there is an opening of less than 10 centimeters between your ceiling and wardrobe height, your wardrobe will never topple over in the event of an earthquake and will not pose a danger to you.

For hinged Cabinets (Double and Single), there should be a minimum gap of 4 cm between the ceiling and the top of the wardrobe.

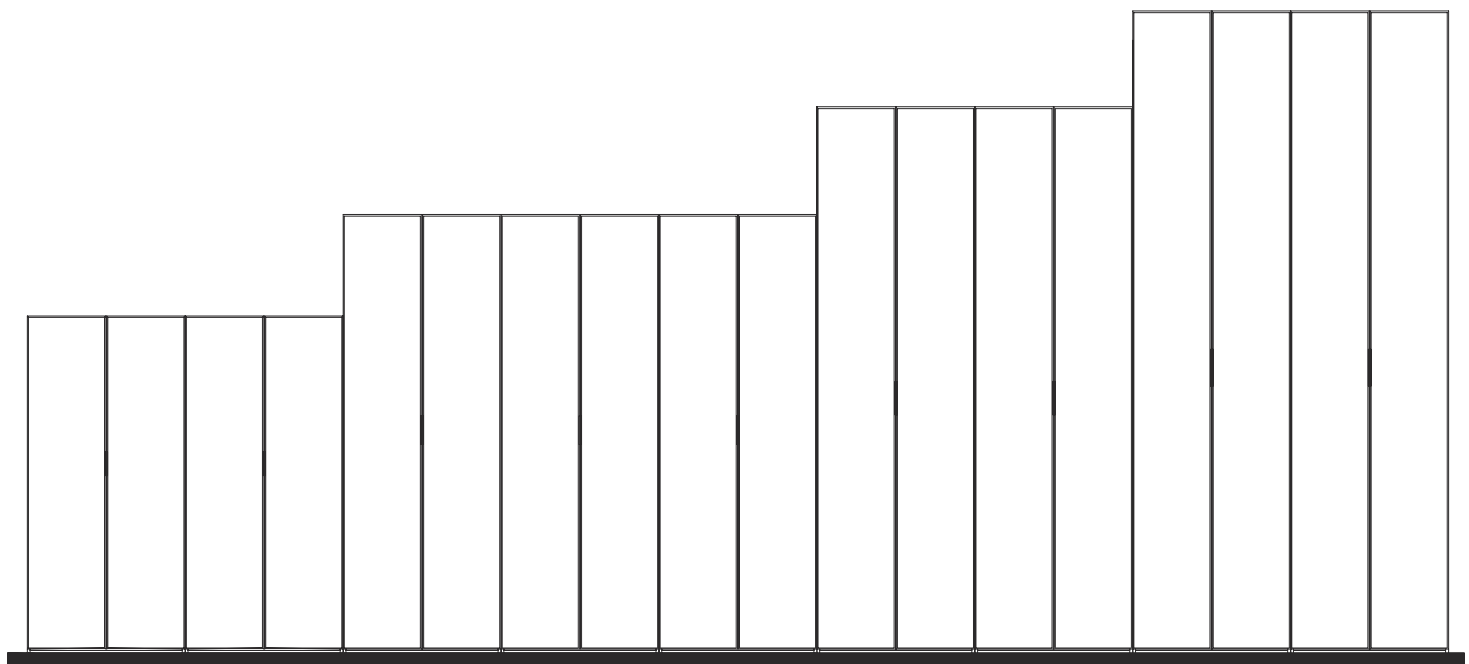

For sliding Cabinets, there should be a minimum gap of 10 cm between the ceiling and the top of the wardrobe.

260_{cm}

245_{cm}

228_{cm}

210_{cm}

04

DETERMINE YOUR MAIN CABINETS

Determining your main cabinets
makes your dressing room functional

First, determine the main cabinets by Categorizing your clothes, shoes or any other accessories that take the most place in your dressing room or wardrobe and according to that chose the right cabinets to make your space more functional and practical.

G 01 / ALFA / SINGLE CABINET: A hinged, 50 cm wide cabinet with four different height and five color options. It can accommodate seven types of doors, which can be installed on either the right or left side. The back panels are 8 mm thick, and the hinges open up to 105 degrees.

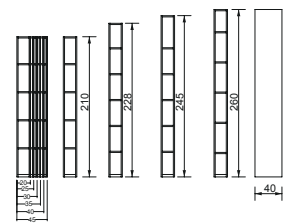

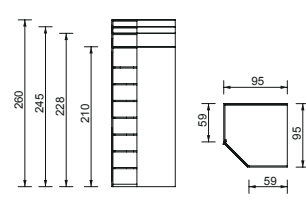

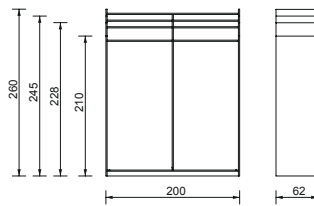

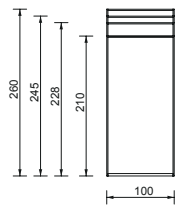

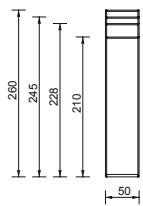

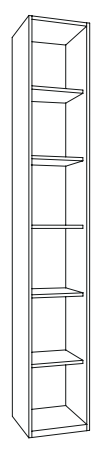

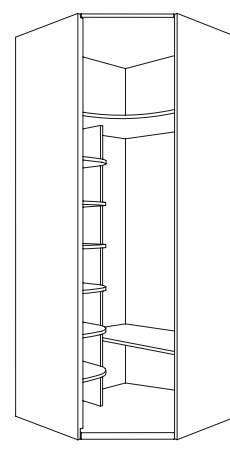

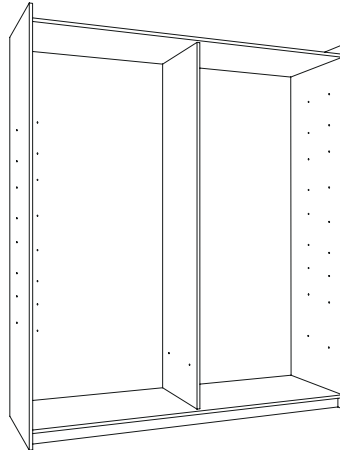

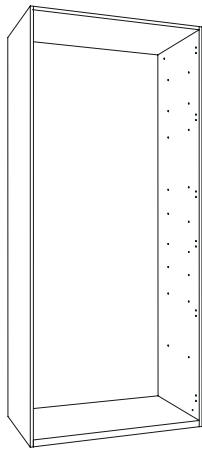

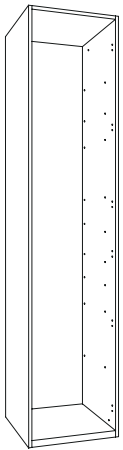

G 02 / ALFA / DOUBLE CABINET: A hinged, 100 cm wide cabinet with four different height options and available in five different colors. It can accommodate seven types of doors. The back panels are 8 mm thick, and the hinges open up to 105 degrees.

G 03 / ALFA / SLIDING DOOR CABINET: A 200 cm wide wardrobe with sliding doors, available in five different colors and four different

height options. It can accommodate seven types of doors, and the back panels are 8 mm thick. The doors are equipped with a soft-closing system.

D 09 / ALFA / CORNER CABINET: A hinged, 95x95 cm wide cabinet with four different height options and available in five different colors. It can accommodate seven types of doors, which can only be opened to the right side. The hinges open up to 165 degrees.

D 10 / ALFA / MIDDLE CABINET: Available in width options of 20, 25, 30, 35, 40, and 45 cm, this open cabinet does not come with doors. It is available in five different colors and four different height options, with a depth of 40 cm.

COMPLETE YOUR WALL WITH MIDDLE CABINET

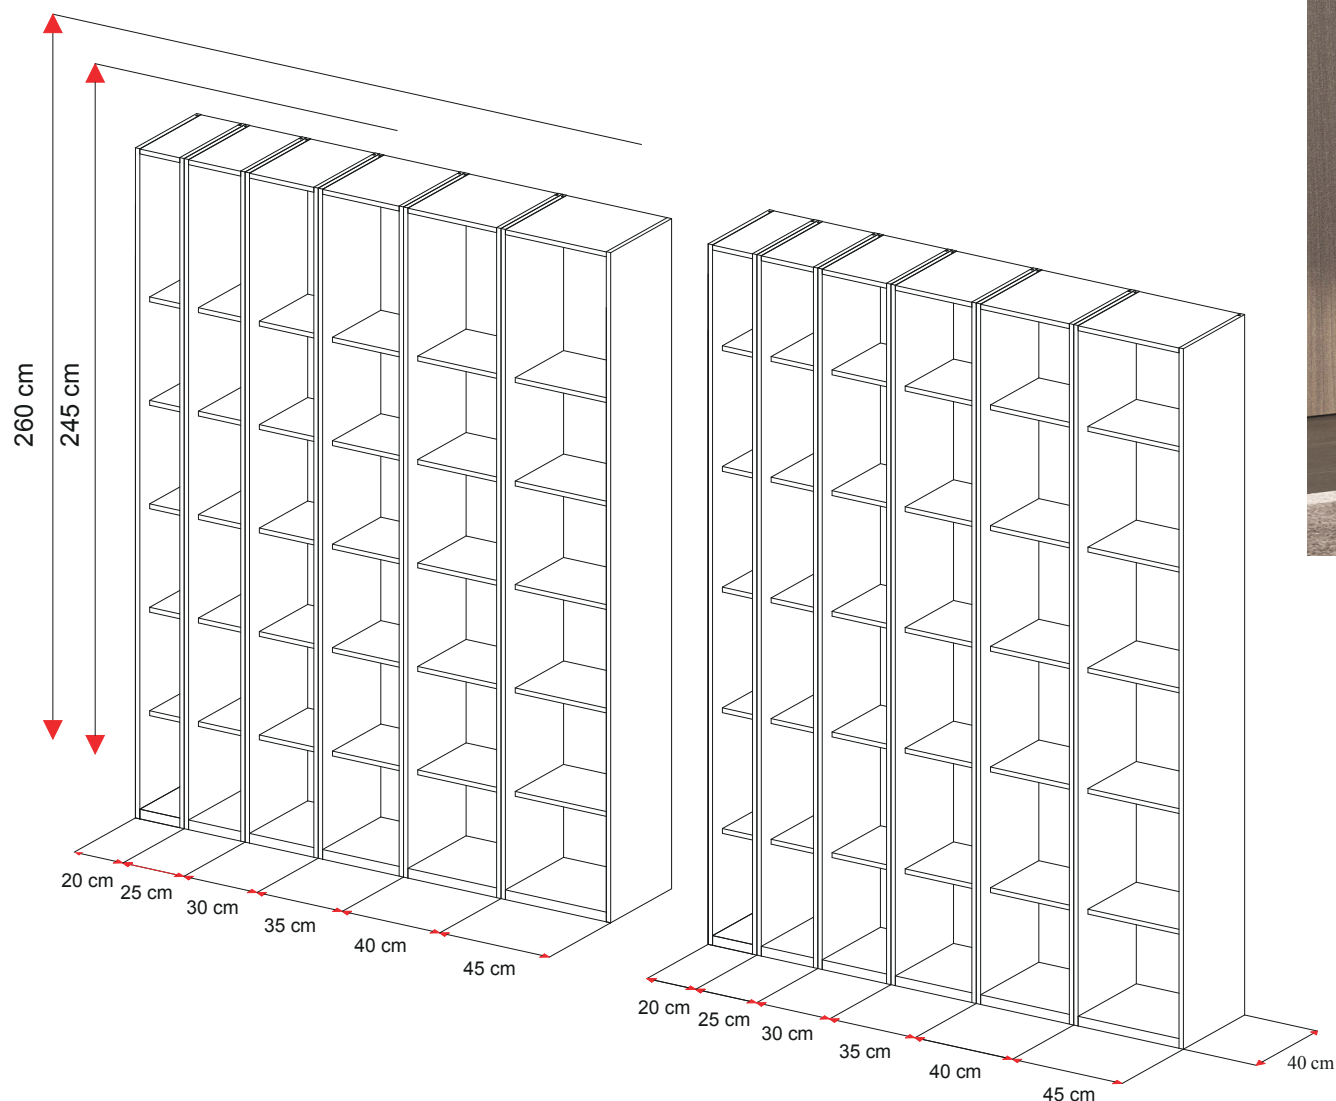

When building cabinets from wall to wall, standard cabinets may leave gaps that Cannot be filled.

In such cases, our alfa middle cabinet module comes into play and provides you with the most suitable middle cabinets for the remaining space.

Alfa middle cabinet prevents awkward and empty spaces in your rooms with its six different width measurements.

You can choose from 120 different middle cabinet modules to fit your needs.

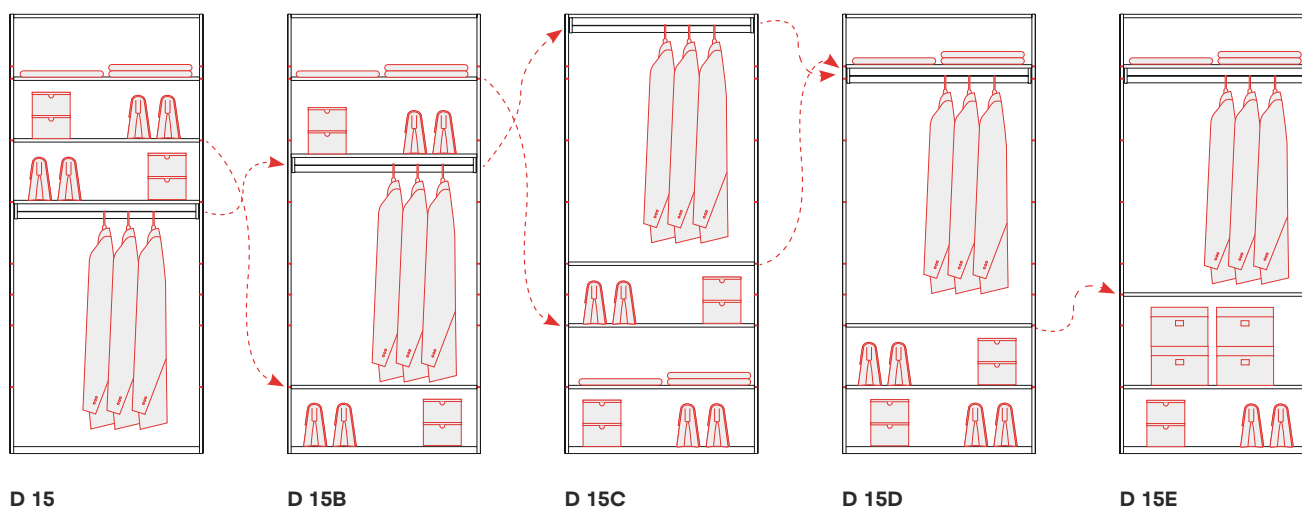

05

SELECT YOUR CABINET MODULES

THE STORY OF ALFA CABINET SYSTEMS BEGAN WITH THE IDEA "DESIGN YOUR OWN WARDROBE".

You can select and place one of our 20 types of interior modules into the pre-drilled holes on the sides of the cabinet according to a certain plan. Every detail you need in your dressing room can be fulfilled by these modules that respond to your needs. ALFA inside modules also offer features such as replacement and expansion to meet your changing needs over time.

The modules can be customized according to their intended use.

DESIGN YOUR OWN WARDROBE

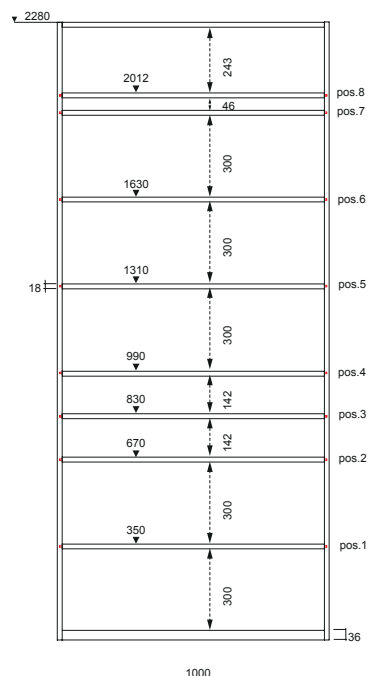

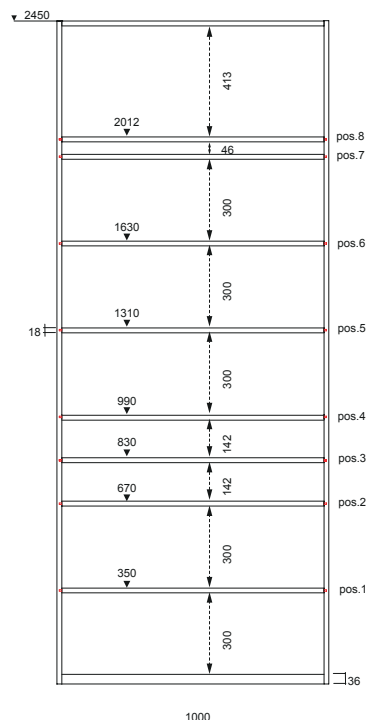

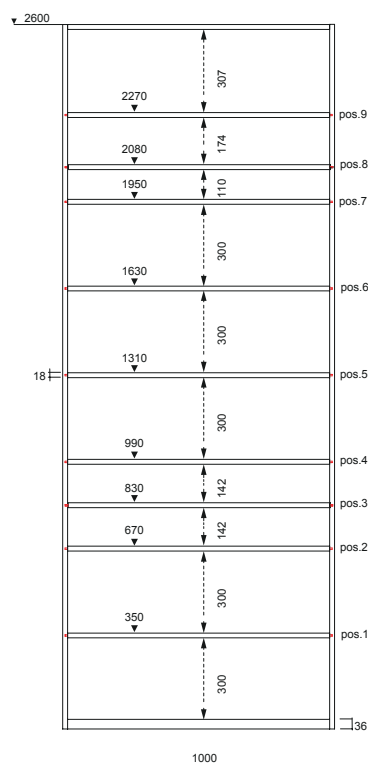

ALFA OFFERS ALL USERS THE FREEDOM TO DESIGN THEIR OWN WARDROBE OR DRESSING ROOM

By placing the inside modules as you wish into the holes drilled on the right and left sides, you can create the most suitable cabinet for yourself. With this feature in single and double body cabinets, ALFA allows you to determine an unlimited number of cabinet options.

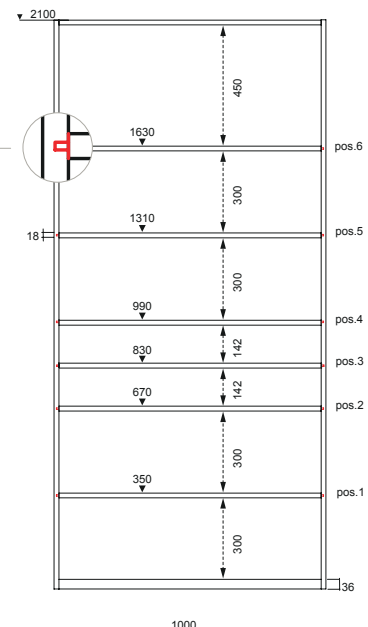

On the following pages, you can review our recommendations for the cabinet that is closest to ideal, and make your decision comfortably.

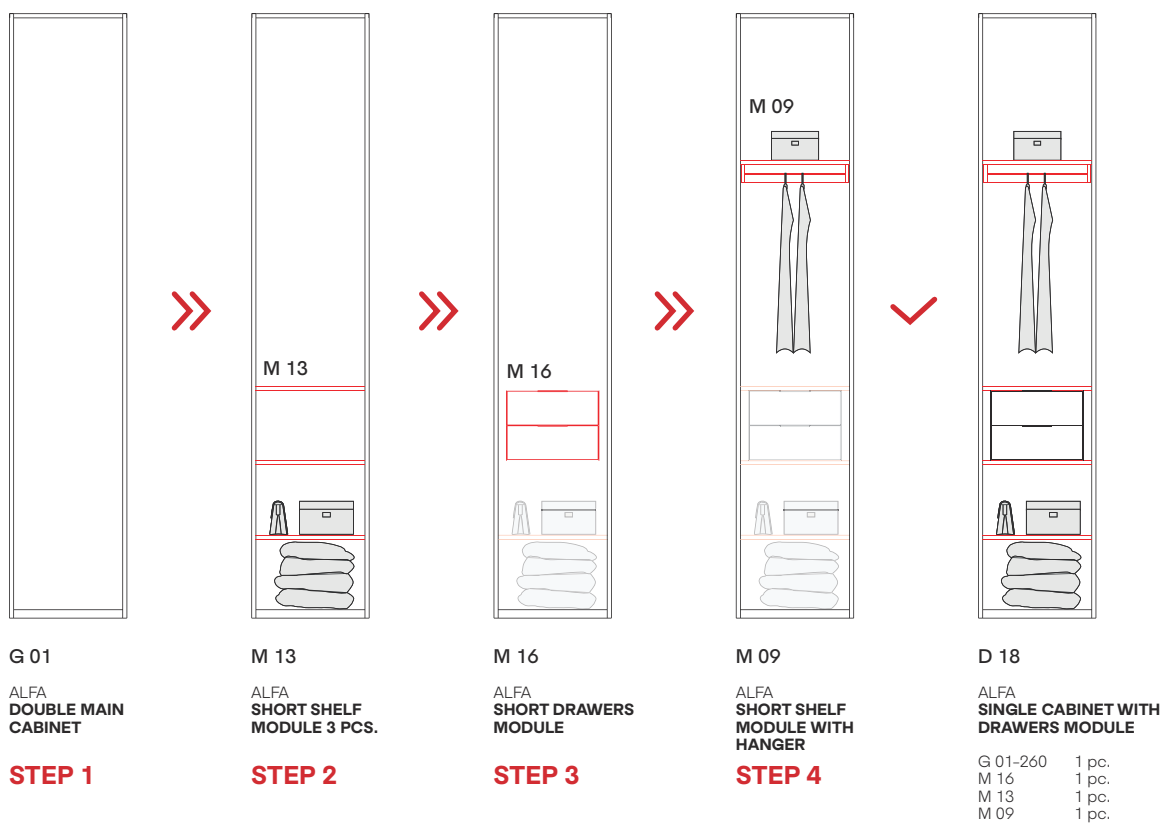

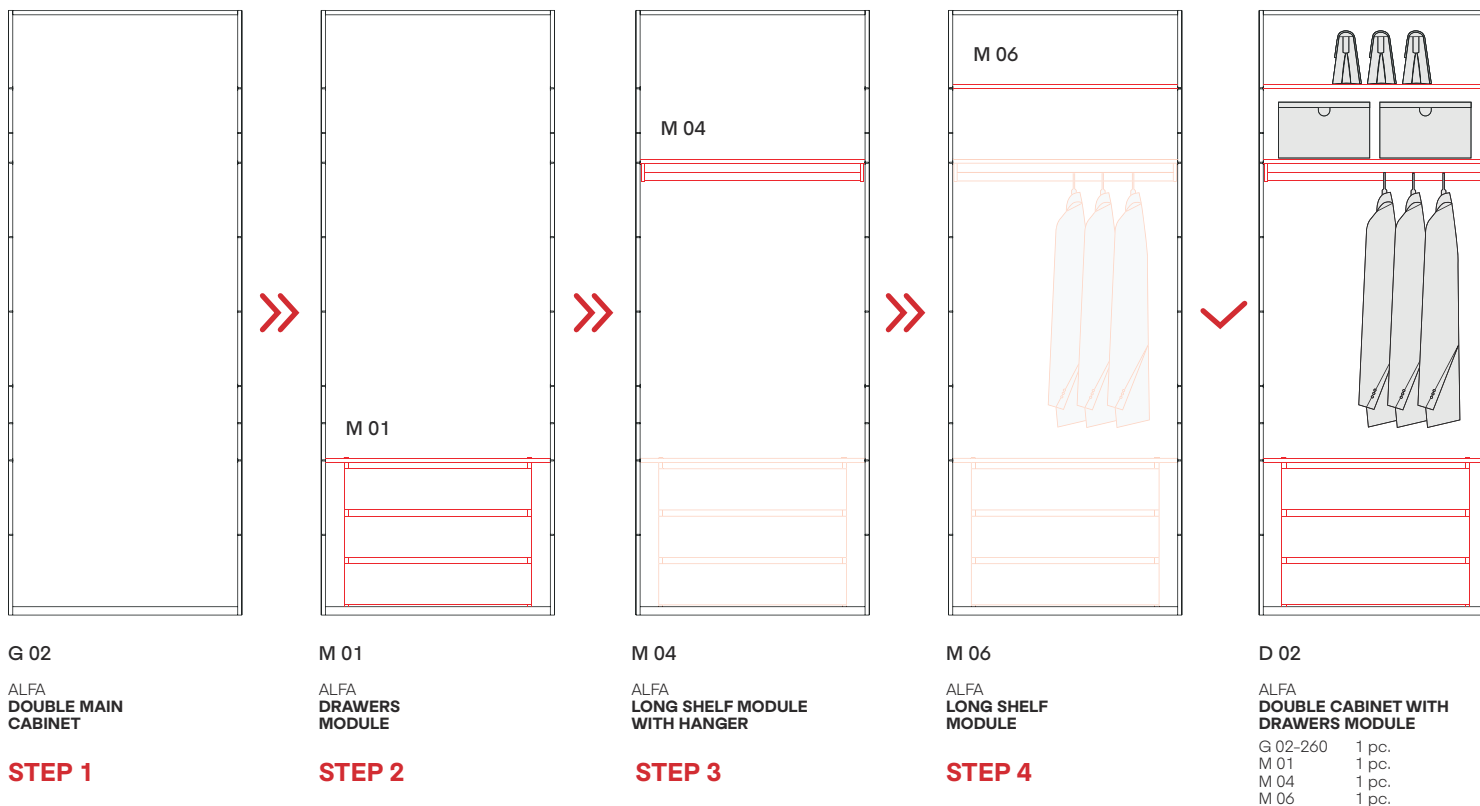

The inside structure of D 09 and D 10 are standart, they can only change by size.
