BETA Hypermodular Dressing Room

MORE THAN
20000
OPTIONS

saloní

Every detail embodies finesse, every line reflects refinement — the **BETA** Dressing Room brings not only functionality but also prestige to your living spaces.

Designed for those who seek perfection, this exclusive system adapts flawlessly to your architecture with **six different height alternatives**, **while five distinct door options** redefine your aesthetic vision. With five door variations, it becomes easier than ever to create a look that reflects your personal style.

For acid-etched glass doors, **eleven different color alternatives** create elegant surfaces that play with light, while **four wooden door finishes** bring the warmth and authenticity of natural textures into your home.

Beyond appearances, this system is enhanced with specially designed interior modules that redefine your sense of organization. From jewelry trays to tie holders, shoe racks to trouser hangers — every detail is carefully crafted to ensure **maximum organization and ease of use**.

Pushing the boundaries of standard forms, its structural solutions offer more than just a wardrobe — **they create a living space seamlessly integrated into your architecture**.

This system is designed not only to hold your clothes, but also to embody your lifestyle. Every single detail has been meticulously considered. **Because great impact is always hidden in the smallest details.**

A FRESH BREATH FOR YOUR DRESSING ROOM: BETA

BETA IS HERE TO HELP YOU DESIGN YOUR CLOSET JUST THE WAY YOU IMAGINE! EVERY CENTIMETER OF YOUR SPACE WILL BE SHAPED AROUND YOUR NEEDS. TAKE THE FIRST STEP NOW TO CREATE A FUNCTIONAL AND STYLISH LIVING AREA.

Bringing a whole new spirit to the dressing room, BETA personalizes your space with a wide range of height and width alternatives. With tailored solutions for different layouts and customized internal modules, it offers endless possibilities to meet every need. Designed with premium materials and superior quality, BETA appeals to all tastes and lifestyles.

From the very beginning, BETA has been developed with **maximum flexibility** in mind. This flexibility is reflected not only in dimensions but also in models, materials, finishes, and accessories. A wide selection of components allows everyone to create a system that perfectly matches their style and needs.

Built around core modules of bodies and doors, the system can be adapted to your architectural layout — whether you prefer a **six-door wardrobe**, a **“U-shaped” arrangement**, or an **“L-shaped” design**. With various end modules, you can maximize both style and function in every corner.

HEIGHT OPTIONS

CHOOSE FROM 6 DIFFERENT HEIGHTS!

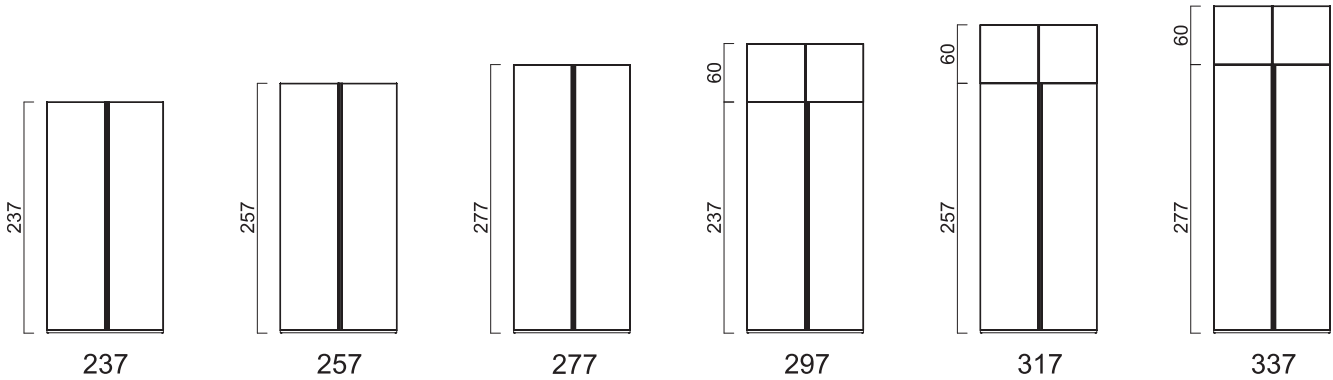

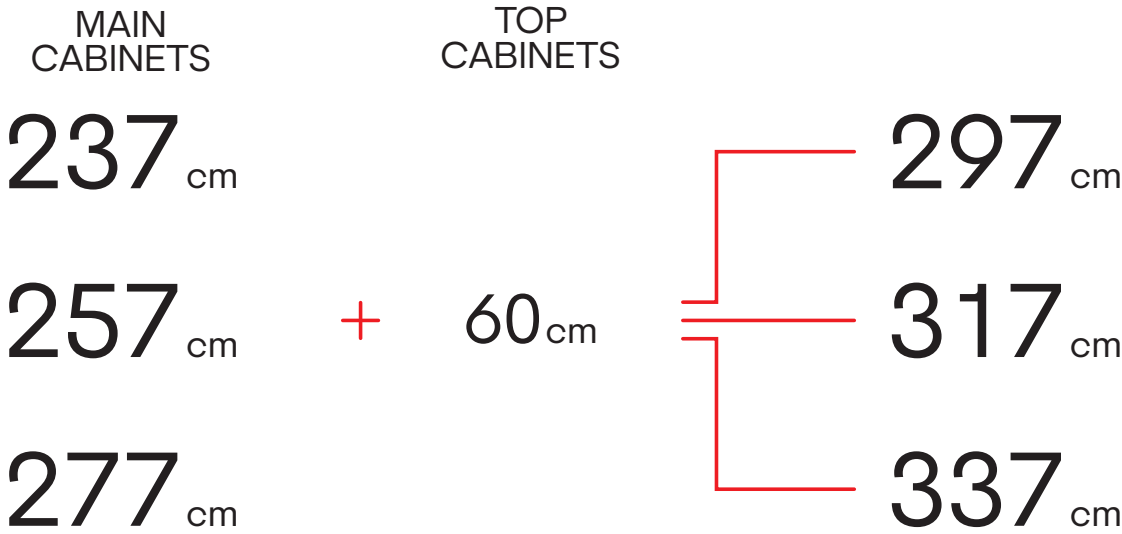

If you are looking for a wardrobe tailored to your needs, BETA's height options let you personalize your closet and design it exactly the way you want. For example, if your room has high ceilings, the 337 cm height ensures you make full use of the available space. For lower ceilings, the 237 cm height will make your wardrobe look as though it was custom-made for your room.

By selecting the height that best matches your ceiling:

- ° You gain more storage capacity.
- ° You avoid unused gaps above the wardrobe.
- ° Remember! If the distance between your ceiling and wardrobe is less than 10 cm, your wardrobe will never tip over during an earthquake, ensuring maximum safety.

For Hinged Cabinets (Double And Single), There Should Be A Minimum Gap Of 4 Cm Between The Ceiling And The Top Of The Wardrobe.

BY ADDING ADDITIONAL TOP CABINETS TO THE THREE MAIN CABINETS OF DIFFERENT HEIGHTS, YOU CAN ACHIEVE A TOTAL OF SIX DIFFERENT HEIGHT OPTIONS.

MAIN CABINETS

ORGANIZE YOUR DRESSING ROOM IN THE MOST FUNCTIONAL WAY BY DEFINING YOUR MAIN CABINETS.

Start by identifying the main cabinets in your wardrobe. Typically, the largest compartments are considered the main cabinets, although in some wardrobes there may be more than one. Once you decide which sections will serve as the main cabinets, plan what items will be stored inside.

Begin organizing your clothes by category. With the help of shelf organizers, you can make the space more functional, allowing you to access your belongings more easily. This method ensures your wardrobe is both neat and practical.

BG 01 / BETA SINGLE BODY : A hinged, 60 cm wide cabinet with 3 different height options. It can accommodate 5 types of doors, which can be installed on either the right or left side. The back panels are 8 mm thick, and the hinges open up to 110 degrees.

BG 02 / BETA DOUBLE BODY : A hinged, 120 cm wide cabinet with 3 different height options. It can accommodate 5 types of doors, which can be installed on either the right or left side. The back panels are 8 mm thick, and the hinges open up to 110 degrees.

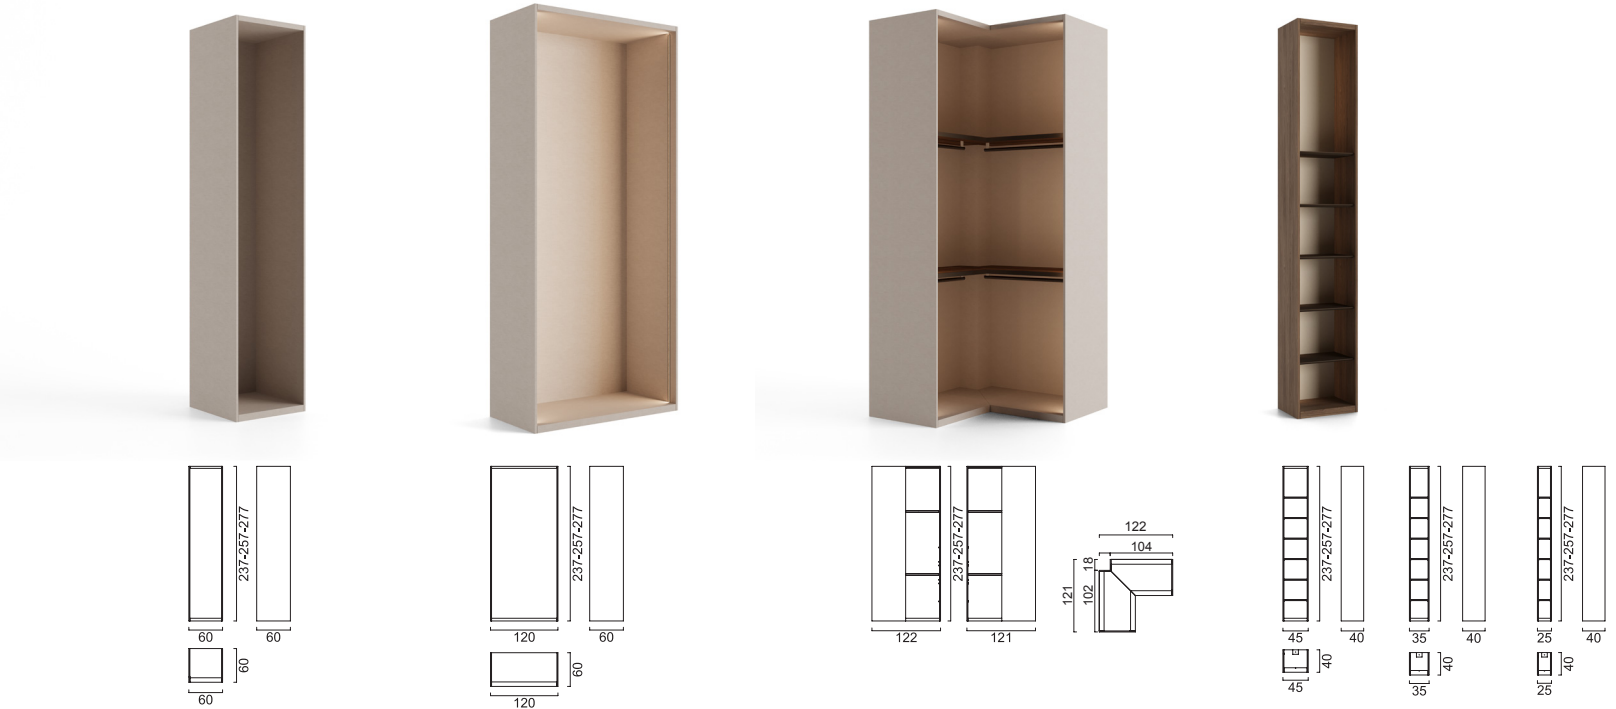

BG 03 / BETA CORNER CABINET : A hinged, 122x121 cm L shaped corner cabinet with 3 different height options. It can accommodate 5 types of doors. The back panels are 8 mm thick and the robotic hinges open up to 170 degrees.

BG 04 / BETA MIDDLE CABINET : Available in width options of 25 cm,35 cm, and 45 cm, this open cabinet does not come with doors. It is available in 4 different colors and 3 different height options, with a depth of 40 cm.

BG 05 / BETA OUTER CORNER CABINET : Designed for end modules. A hinged door cabinet with right and left versions. It offers 3 different height options. It can accommodate 5 types of doors. The back panels are 8 mm thick and the hinges open up to 110 degrees.

BG 06 / BETA COAT CLOSET : Designed for end modules. 44 cm width x 63 cm depth cabinet with 3 different height options. The back panels are 8 mm thick. The upper door hinges open up to 110 degrees and the lower drawers have full extension tandem rails with soft close.

BG 07 / BETA ANGLED CABINET : Designed for end modules. 53 cm wide hinged door cabinet with right and left versions. It offers 3 different height options. It can accommodate 5 types of doors. The back panels are 8 mm thick and the hinges open up to 30 degrees.

CUSTOMIZED END MODULES

EVERY DETAIL OF OUR MODULAR DRESSING ROOM SYSTEM IS METICULOUSLY DESIGNED TO OFFER NOT ONLY FUNCTIONALITY BUT ALSO TIMELESS ELEGANCE. COMPLETING THE COLLECTION, THESE CUSTOM END MODULES BRING ARCHITECTURAL HARMONY AND REFINED SOPHISTICATION TO YOUR SPACE.

Coat Cabinet : An elegant welcome point at the entrance to the dressing room. Designed for everyday items such as coats and jackets, this module perfectly combines order and elegance with its puff detail.

Outer Corner Cabinet : This design, which makes the most efficient use of corner areas, provides a seamless storage flow and a strong architectural appearance.

Angled Cabinet : With its dynamic lines and elegant angles, this module adds a sophisticated depth and distinctive character to your dressing room.

Each module is fully customizable to your personal preferences, transforming your dressing room from a simple storage space into a personalized, luxurious living environment.

INTERNAL MODULES

BETA CABINET SYSTEMS
ARE DESIGNED SO
THAT EVERYONE CAN
CREATE CABINETS
SUITABLE FOR THEIR
OWN NEEDS.

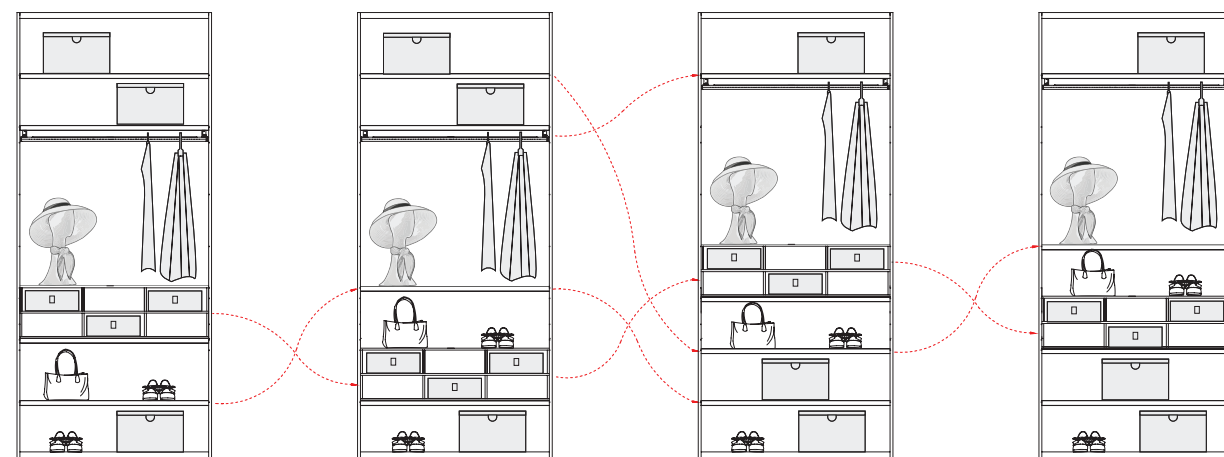

You can easily install any of the "26 different internal modules" into the specially designed holes on the side panels of your cabinet. BETA's internal modules are fully adaptable — they can be changed, added, or rearranged to suit your storage needs.

CUSTOM DESIGN DETAILS

Hinges :

For superior comfort and durability, Beta cabinets are equipped with Titus brand hinges.

The integrated brake system ensures quiet and smooth closing without bounce effect, delivering long-lasting and reliable performance.

With its tool-free, easy installation feature, it saves time. Thanks to its clip-on base on three sides, it offers practical installation.

For corner cabinets, special Titus robotic hinges have been chosen.

Shelf Holder :

Ferramenta brand imported shelf supports add an aesthetic detail to your cabinets with their sturdy construction and stylish appearance.

Ventilation Cover :

Ventilation covers designed specifically for our company allow for the orderly passage of electrical cables while enabling air circulation inside the cabinet.

Dust Seal :

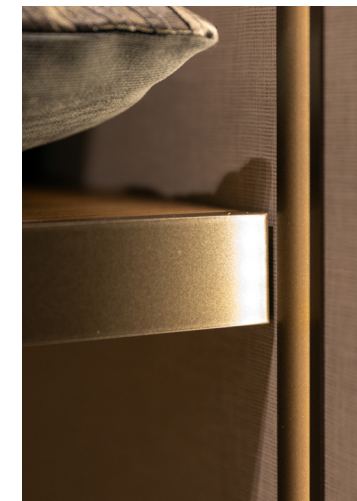

Thanks to the specially designed dust seal, your cabinet stays clean.

Plugs :

Our specially designed plugs, available in 3 mm and 5 mm sizes, provide a decorative solution for covering unused holes within the cabinets.

Their sandstone color ensures a seamless visual harmony.

LEDs :

LED systems manufactured with Mocha-colored electrostatic painted aluminum profiles designed specifically for our company prevent eye strain by reflecting light at an angle

Two LED was used in the double body and corner cabinet. A single LED was used in the single body, outer corners, angled cabinets, coat rack cabinet and intermediate cabinets.

One adapter set (16.5 amps) is sufficient for every 4 cabinets.

Hangers :

The hanger pipes are specially manufactured from round pipe with a thickness of 1.5 mm.

Hanger pipes are electrostatic powder painted.

Hanger flange and plugs are specially designed for our company. Their sandstone color ensures a seamless visual harmony.

Glass Frame Drawers :

The glass-framed drawers, which stand out with their elegant design, feature tempered smoked reflective 4 mm glass within wood-coated aluminum profiles.

The elegance is completed with a mocha-colored handle.

07

LEATHER ORGANIZERS

ELEGANCE AND FUNCTIONALITY COMBINED IN A SPECIAL DESIGN LEATHER BOX AND ORGANIZERS, BRINGING PERFECT ORDER TO YOUR LIVING SPACES.

Exclusive Models: A collection with 5 different alternatives, including watches, rings, earrings, belts, and ties, with every detail considered.

Size Options: Available in 33 cm and 38 cm, adapting to different storage needs.

Seamless Harmony: These organizers fit perfectly inside islands, make-up units, wardrobe jewelry modules, dressers, nightstands, and Alfa series products, creating a cohesive look throughout your home.

Flexible Usage: Organizers can be ordered individually or as sets, in any quantity or combination you prefer.

Complementary Options: Shirt and sweater boxes are also available separately. For drawers, special pads can replace leather organizers if desired. With its timeless design and meticulous attention to detail, this collection combines luxury and order in everyday life.

COLORS

DO YOU PREFER A BRIGHT AND AIRY FEEL, A SOPHISTICATED AND ELEGANT ATMOSPHERE, A WARM AND NATURAL AMBIANCE, OR A MODERN AND SERENE ENVIRONMENT?

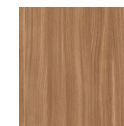

BETA is designed to perfectly complement your personal style and decor with four distinctive color options.

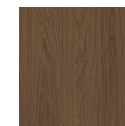

* THE INTERIOR FINISHES AND MODULE COLORS ARE STANDARD.
(MINK FABRIC, WALNUT)

* THE COLORS OF THE MAKE-UP UNIT, ISLAND, BENCH, AND COAT CABINET ARE STANDARD.
(SANDSTONE)

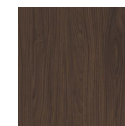

* BETA COLORS ARE APPLIED TO DOORS AND COVERINGS.

BETA offers a rich color palette with options to suit every taste. With four distinctive shades, it has never been easier to both reflect your style and add an aesthetic touch to your living space. Designed to help you create your own atmosphere, BETA aspires to be the perfect complement to your interior decor.

10

DOORS

BETA'S UNIQUE DOOR DESIGNS COMBINE STYLE AND FUNCTIONALITY TO ELEVATE YOUR DRESSING ROOM.

With five different door alternatives, you can personalize your wardrobe to perfectly complement your room's decor. Siena doors add a sophisticated and elegant touch, while Bari doors let you showcase your individuality. For those seeking the warmth of wood, Parma doors are an ideal choice. To create a calm and serene atmosphere, Lima and Modena doors are perfect options.

BK 01 SIENA DOOR : Full length handle reflective glass door.
Frame: Aluminum with mocha-colored electrostatic powder coating.
Glass: 4 mm tempered smoked reflective glass.
For double doors: Right door includes handle, left door is handleless.
For single doors: No distinction between left or right.

BK 02 PARMA DOOR : Melamine-coated particle board door with full length handle
Frame: Aluminum with mocha-colored electrostatic powder coating.
Panel: 18 mm melamine-coated particle board (EGGER brand).
Three door types available:
Right-hand door with handle
Left-hand door without handle
Left-hand door with handle (for single cabinets only)
Available in 4 color options.

BK 03 MODENA DOOR : Door with integrated metal handle.
Frame: Aluminum with mocha-colored electrostatic powder coating.
Panel: 18 mm melamine-coated MDF in sandstone color.
Handle: Integrated metal handle with mocha-colored electrostatic powder coating.
Three door types available:
Right-hand door with handle
Left-hand door without handle
Left-hand door with handle (for single cabinets only)

BK 04 LIMA DOOR : Solid wood handle door.
Frame: Aluminum with mocha-colored electrostatic powder coating.
Panel: 18 mm MDF in sandstone color.
Handle: Solid wood.
Two door types available:
Right-hand door with handle
Left-hand door with handle.

BK 05 BARI DOOR : Acid-etched and ribbed glass door.
Frame: Aluminum with mocha-colored electrostatic powder coating.
Glass Options:
4 mm tempered acid-etched glass
4 mm ribbed glass
4 mm mirror
Back Panel: 8 mm chipboard with leather-look finish.
Handle: Mocha-colored electrostatic powder coated metal handle.
Three door types available:
Right-hand door with handle
Left-hand door without handle
Left-hand door with handle (for single cabinets only)
Available in 11 glass color options.
Ribbed glass is only applied below the handle.

EXTRA MODULES

VANITY UNIT

ISLAND AND BENCH

VANITY UNIT

Discover BETA, a make-up unit thoughtfully designed to transform beauty routines into a more enjoyable experience. Every detail has been considered to provide both elegance and functionality, helping you keep your makeup area organized while offering smart storage solutions.

Featuring drawers, shelves, and a mirror, the BETA make-up unit brings together everything you need in one refined design.

ISLAND AND BENCH

THE DRAWERS AND COMPARTMENTS IN THE ISLAND AND BENCH HELP YOU EASILY ORGANIZE YOUR ACCESSORIES.

With their durable construction, high-quality materials, and elegant design, our islands and benches are the perfect addition to bring both sophistication and functionality to any dressing room.

ISLAND MODULE
ISLAND COVER 2 pcs

BENCH MODULE
BENCH COVER 2 pcs

The island module features four drawers. The top drawer front is made of Mocha-colored painted MDF, while the other three drawer fronts are framed with Sand-colored aluminum and glass. The top panel combines glass and Sand-colored MDF for a refined look. Drawer interiors are crafted with Daphne-colored 12 mm MDF profiles, and the drawer bases feature 8 mm leather-effect particle board. Each drawer is equipped with Hettich/Germany full-extension tandem rails with built-in soft-close functionality. For finishing, Island Cover should be used. These covers are made of 30 mm MDF, Mocha-colored lacquered, CNC-processed for precise detailing.

The bench module includes a deep drawer with a Sand-colored front and a Mocha-colored recessed handle. The seat fabric can be chosen according to preference. For a clean finish, Bench Cover should be installed.

ISLAND AND BENCH OPTIONS

THANKS TO A VARIETY OF COMBINATION POSSIBILITIES, YOU CAN CREATE ELEGANT, PERSONALIZED ARRANGEMENTS FOR YOUR LIVING SPACE.

The Island module combines functionality and style, and can even be used as a dresser if needed.

Its flexible design allows Island and Bench modules to be arranged back-to-back or side-by-side, enabling limitless configuration options. The Beta Island is an excellent choice for creating custom combinations tailored to your space.

For a seamless and polished look, it is recommended to use Island and Bench Covers at the finishing edges.
