As Saloni Furniture, we continue on our way with stable and confident steps with our production principle that we have never compromised for 25 years. We believe that our brand adds value to the sector, which means adding value to your living spaces.

In order to ensure quality at every stage of our products, we adopt a comprehensive quality system through the Saloni Quality Management System. From the design phase to every step of production and distribution, we work meticulously to ensure compliance with international standards and customer expectations. By testing the durability, aesthetic value, and ease of use of our products, we guarantee the highest performance and longevity.

PRODUCTION CAPACITY

We have a total of 7 production facilities:

- Sofa Production Facility and Export Logistics Center (Saloni Headquarters)
- Bedroom Production Facility
- Dining Room Production Facility
- Bedstead Production Facility
- Coffee Table and Accessory Production Facility
- Metal Frame, Mechanism, and Accessory Production Facility
- Chair Production Facility

R&D AND INNOVATION

- Since its establishment, Saloni has adopted a high-investment strategy in R&D, design, and innovation.
- The company has an experienced and dynamic design and R&D team of 45 designers, interior designers, R&D specialists, technicians, and engineers.
- Saloni holds numerous patents and utility model registrations.
- The company has pioneered many innovative applications in fields such as mechanisms, connectors, and mechanics.
- In addition to product innovations, Saloni also possesses the ability to develop innovative approaches in presentation, marketing, and operational areas.

GLOBAL SALES NETWORK

Since its establishment, our company has aimed to become a global brand. Today, we have 25 corners and 29 corporate stores in Türkiye, as well as 44 corners and 27 corporate stores across 74 countries. Our sales revenue is derived as follows: 35% from Europe, 30% from Asia, 18% from Africa, 15% from the Americas, and 2% from Australia. In total, 70% of our sales revenue comes from exports.

ENVIRONMENTAL AND SOCIAL SUSTAINABILITY

- We work with the goal of minimizing our carbon footprint.
- Through investment in solar energy, 100% of the electricity used is sourced from renewable energy.
- We increase the use of recycled materials and apply this approach in every area possible.
- All of our waste is managed with appropriate infrastructure for recycling.
- We strictly adhere to social compliance standards (such as child labor, workplace safety, ethical rules, etc.) and effectively implement these standards in our facilities.
